

PROJECT INFORMATION SHEET

Owner: Intrepid Sea, Air and Space Museum
New York, NY

Project Description: Shelters Direct was contracted to provide a 5' x 7' Aluminum Attendant Booth for the Intrepid Sea, Air and Space Museum in New York City. This booth featured two foot overhangs, a through wall air conditioning unit, a steel swing door and a transaction window. All of the glazing in the booth was clear tempered insulated glass. This project was requested to be completed in an expedited manner due to the damage that the museum's existing booth had incurred due to Hurricane Sandy. Shelters Direct had this completed in a three week period time.
