

PROJECT INFORMATION SHEET

Owner: Quantico Firing Range
Quantico, VA

Project Description: Shelters Direct provided and installed three (3) 4x6 UL 752 Level VIII Bullet Resistant Guard Booths for the Firing Range located in Quantico, VA. Features included UL 752 Level VIII Bullet Resistant ceiling panels, wall panels and a sliding door as well as all glass for each of the booths. An 8,000 btu thru-wall air conditioner with a UL 752 Level VIII Bullet Resistant shroud was provided along with a 13,500 btu electric heater and a 10 inch exhaust fan. Each prefabricated building also came equipped with a pair of lifting lugs to make offloading and anchoring the guard booths easier.
