

## PROJECT INFORMATION SHEET

**Owner:** Westminster Presbyterian Church  
Dayton, OH

**Project Description:** A 6x10 Steel Guard Booth was provided and installed by Shelters Direct for the parking lot adjacent to the Westminster Presbyterian Church in Dayton, OH. Features of this guard booth included a standing seam gable roof with 24" overhangs on three sides and a 36" overhang on the fourth side. Four (4) LED lights were housed in the overhangs on each of the four sides of the prefabricated building. A 36" steel swing door was chosen for this guard building. An upgrade to ¾ inch tinted insulated glass was required for this project. Finally, two downspouts and four lifting lugs were included on this guard booth.
