# Installation Services

Shelters Direct maintains company hired individuals, not subcontractors, who maintain decades of construction experience in the trades listed below. This is truly a differentiating factor that sets Shelters Direct apart from the competition. Give our installation team an opportunity to quote your project and see the difference a "turn-key" project will do for you and your staff.

### SERVICES AVAILABLE:

- Design consultation and project layout
- CAD assisted installation drawings
- Permit acquisition assistance
- Erection of shelters and canopies
- Unloading & Anchoring
- Custom Rigging
- HVAC Calculations & Installation
- Commissioning & Start-Up

### SITE WORK CAPABILITIES:

- Excavation & Grading
- Trenching
- Electrical Installation
- Plumbing Installation
- Concrete Construction
- Painting
