

## PROJECT INFORMATION SHEET

### 10x15 ALUMINUM SMOKING SHELTER

### LAFAYETTE, LA

**Owner:** Lafayette Veterans Clinic

**Project Information:**

Shelters Direct provided this 10x15 aluminum smoking shelter to a VA Hospital located in Lafayette, Louisiana. This shelter was upgraded to withstand 110 wind loads, housed an upgraded electrical system that consisted of two weather resistant fluorescent lights, an air conditioning unit, and heater. It was also installed with an exhaust fan and louver system to assist with the dissipating of smoke.
