

## PROJECT INFORMATION SHEET (2) 24x26 PRE-ENGINEERED FUELING CANOPIES BALTIMORE, MD

**Owner:** Next Car Rental Car Facilities

**Project Information:** Shelters Direct supplied and installed these two 24x26 pre-engineered fueling canopies for a rental car facility located at BWI Airport in Baltimore, Maryland.

These canopies were installed and designed to protect two fuel dispensing systems utilized by the facility. They consisted of a steel-column design with a standard "bottom deck" roof and external drains/collectors.
